

EXERCÍCIO 21

Dados: $CV=7,3\%$ e $média=25$, calcule o desvio padrão amostral.

$$\downarrow \div 100$$

$$0,073$$

$$CV = \frac{s}{\bar{X}}$$

$$\frac{0,073}{1} = \frac{s}{25}$$

$$s = 0,073 \cdot 25$$

$$s = \underline{\underline{1,825}}$$
